Transport Operations Team  
Battinson Road  
Halifax HX1 4PL

Dear Colleagues

## Consultation - Post 16 Transport Policy Statement 2022-23

I am writing to you regarding the Post 16 Transport Policy Statement, which each local authority must consult on annually.

The Transport Policy Statement provides details of the provision and concession available for learners aged 16-19 (up to aged 25 for those learners who have special educational needs and/or disabilities).

Calderdale Council will be commencing its annual consultation on Monday 22 November 2021. The period of consultation will run until Friday 14 January 2022.

I have enclosed a copy of the proposed 2022-23 Policy Statement and also a summary of changes. This information will be available to view on Calderdale's website [www.calderdale.gov.uk/hometoschooltransport](http://www.calderdale.gov.uk/hometoschooltransport) and also on Calderdale's Engage site [www.calderdale.gov.uk/council/consultations/engage/index](http://www.calderdale.gov.uk/council/consultations/engage/index)

In order to ensure that all relevant learners, parents and their families are aware of the consultation and are able to comment where necessary, it would be appreciated if this could be drawn to the attention of all relevant potential parties.

To assist in this matter, I would be grateful if you could:

- Publish the above links on your own websites;
- Request parents/carers (via your website and communication methods) to participate in the consultation process.

All consultation responses should be emailed to [transport@calderdale.gov.uk](mailto:transport@calderdale.gov.uk)

Thank you very much for your assistance in this matter.

Yours sincerely

Shirley Pearson  
Transport Operations Manager
